- 03/10 Capitola/Salinas classes start
- 03/15 Conformation classes start
- 03/21 General Membership Meeting
- 03/22 Ruff Notes deadline

Doggie Dictionary: Just for laughs
(Something new per issue)

Leash: A strap, which attaches to your collar, is enabling you to lead your person where you want him/her to go.

Drool: Is what you do when your persons have food and you don't.

To do this properly you must sit as close as you can and look sad and let the drool fall to the floor, or better yet, on their laps.

From the Presidential Kennel: Happy New Year, MBDTTC'ers!

First of all, I'd like to toss doggy biscuits to B.G., Debbie, Dani, Pam, Dale and all of those who helped out for their terrific work at our annual Christmas party! The Silent Auction was so good that we even had one our waiters bidding away--- which had the bonus of making him easy to catch for special requests. It's always a blast to watch the slide show and see the names and faces of dogs and members from the past, not to mention seeing the rest of us "progress" through time... Extra thanks to BG and Brenda for their handmade dreamcatcher name tags--- Lance was very determined to eat mine, but I've managed to put it on display in a high (and safe!) place. Same time and place for next year, BG?

Was one of your New Year's resolutions a vow to participate in more events? If so, I present to you a list Of golden opportunities coming soon to a park or fairgrounds near you:

February 6: AOCNC Workshop (we're doing the Utility ring)--- see Luane Vidak

April 10: VST----see Luane Vidak

June 4: AOCNC Interclub Competition----see Luane Vidak

June 18 & 19: Agility---see Marion & Michael Bashista

July 16: MBDTTC Workshop---see Judy McLeod

August 7: Obedience Trial----see Dale Root & Tammy Del Conte

Last but not least, if you are looking for yet another way to waste time, go to....

<http://web.tickle.com/dog/authorize/signin.jsp?url=/dog/index.jsp>

and find out what breed of dog you are. You'll have to register with Tickle, but you don't have to pay anything to take the test.

I won't vouch for its veracity---I was declared a Scottish Terrier and I'm still deciding how to take it---but it is fun. For further time

wasting you can also find out what breed of dog you are at work.

See you at class!
Tammy Del Conte

Hot Dog Award

The hot dog award has not been presented the last few months and I apologize to everyone!

For November the Hot Dog Award was Bradie (Marilyn Runyan) for a score of 95 in Agility

In Obedience it goes to Spirit for her October 1 show with a score of 192.5 (Carol Davis).

For December the Hot Dog Award goes to Bradie (Marilyn Runyan) for a score of 95 in Agility.

There was nothing reported for obedience.

How to give your dog CPR

If your DOG is NOT breathing use a finger to clear any mucus or other objects from the mouth. TILT the head back to straighten the airway passage.

Hold the mouth shut with one hand, and place your mouth over the DOG'S nose and mouth making sure the seal is tight.

Blow into the nose while watching to see if the chest expands.

If the chest DOES NOT EXPAND start over again by clearing the mouth. **If the chest DOES EXPAND** release your DOG'S mouth so it can exhale.

Repeat the breathing procedure once every five (5) seconds until your DOG is breathing normally, or until your Vet or other Emergency technician is available to begin treatment.

IF YOU CANNOT DETECT A HEARTBEAT YOU MUST PERFORM ARTIFICIAL RESPIRATION IN CONJUNCTION WITH CARDIAC RESUSCITATION.

PUT your DOG on its right side. **PUT** the heel of your hand on the ribcage just behind the elbow. **PUT** your other hand on top of the first hand.

Firmly press on the ribcage in quick, smooth movements. Depending on the size of your DOG press down 3-4 inches using both hands. The compression should last no longer than 1/2 second. The smaller the DOG the fewer inches of compression and less force are needed. At all times try not to damage the ribcage.

Repeat this procedure a total of 10 times.

Then, if your DOG is not breathing, perform CPR as described above.

Alternate between the chest compressions (10 in a row), and one breath into the DOG'S nose.

GET YOUR DOG TO A VET!!!!

(Based on information contained in The Illustrated Veterinary Guide for Dogs, Cats, Birds, and Other Exotic Pets. By Dr. Chris C. Pinney, DVM. Published by Tab Books)

MBDTC Sportsmanship Award

Tammy Del Conte

Congratulations to all of you for the year of hard work!

We at MBDTC want to wish Mary a speedy recovery. Mary Bettencourt is a charter member and was recently hospitalized at Salinas Valley Memorial.

How to take a puppy's picture

1. Remove film from box and load camera
2. Remove film box from puppy's mouth and throw in trash
3. Remove puppy from trash and brush coffee grounds from muzzle
4. Choose a suitable background for photo
5. Mount camera on tripod and focus
6. Find puppy and take dirty sock from mouth
7. Place puppy in pre-focused spot and return to camera
8. Forget about spot and crawl after puppy on knees
9. Focus with one hand and fend off puppy with other hand
10. Get tissue and clean nose print from lens
11. Take flash cube from puppy's mouth and throw in trash
12. Put cat outside and put peroxide on the scratch on puppy's nose
13. Put magazines back on coffee table
14. Try to get puppy's attention by squeaking toy over your head
15. Replace your glasses and check camera for damage
16. Jump up in time to grab puppy by scruff of neck and say- "No, outside! No, outside!!"
17. Call spouse to clean up mess
18. Fix a drink
19. Sit back in Lazy Boy with drink and resolve to teach puppy "sit" and "stay" the first thing in the morning
